WOODENCLASSIC

FRAME READY BASE - WOODEN SPRINGS

The Woodenclassic model is a slot-in bed base made with a wooden suspension. Just like the boxspring Classic, Woodenclassic does not have raised edges. The mattress must be held in place by the bed frame.

It can be produced in all sizes down to the nearest centimetre.

- *Minimum height 12,5 cm – for greater heights, prices on request*
- *Comfort zones*
- *Temperature regulation thanks to natural stuffing materials*

comes in two pieces that snap together
